

"The mission of the Global Pest Management Coalition is to create a unified voice across the globe promoting the value of pest management in ensuring the protection of health, home, food and businesses."

Global Pest Management Coalition Anti-Trust/Competition Law Compliance Policy

GPMC is organized to promote, develop and maintain the advancement of the pest control industry and is not intended to, and may not, play any role in the competitive decisions of its members or their employees, or in any way restrict the competition in any aspect of the pest control industry.

GPMC will act as a forum for legitimate contacts between members of this industry. It is obviously the policy of GPMC that it will not be used by any company to further any anti-competitive or collusive conduct, or to engage in other activities that could violate any antitrust or competition law, regulation, rule or directives of any country or otherwise impair full and fair competition. GPMC carries out regular checks to make sure that this policy is being strictly adhered to.

As a condition of membership, members of GPMC acknowledge that their membership of GPMC is subject to the competition law rules and they agree to comply fully with those laws. Members agree that they will not use GPMC, directly or indirectly, (a) to reach or attempt to reach agreements or understandings with one or more of their competitors, (b) to obtain or attempt to obtain, or exchange or attempt to exchange, confidential or proprietary information regarding any other company other than in the context of a bona fide business or (c) to further any anti-competitive or collusive conduct, or to engage in other activities that could violate any antitrust or competition law, regulation, rule or directives of any country or otherwise impair full and fair competition.
